

OptiVAN

Australia's Best Caravan Protection Warranty. Period.

OptiVAN is the complete protection system developed specifically for caravans, campers, RVs and motorhomes.

From environmental contamination and interior staining to stone chips, road debris, vulnerable windows, heat and UV exposure, **OptiVAN** protects the surfaces that matter—inside and out.

More importantly, **OptiVAN** is backed by warranties designed to genuinely support you, the customer; for the long term, without the annual inspections, compulsory reapplications, ongoing photographs, unnecessary conditions and restrictive claim limits imposed by many other protection providers.

**Complete protection. Industry-leading warranties.
Genuine Australian support.**

OptiVAN

Protection Designed Specifically for Caravans

Caravans, campers, RVs and motorhomes are built from a complex combination of painted aluminium, fibreglass, gelcoat, composite panels, powder-coated finishes, coated cladding, glass, acrylic, fabric, leather, plastic and vinyl.

They are also exposed to some of Australia's harshest conditions, including intense UV exposure, red dirt, road grime, insects, bird and bat droppings, tree sap, environmental fallout, long-distance travel and extended outdoor storage.

OptiVAN was developed specifically for these surfaces, vehicles and conditions.

It is not a generic automotive product placed into caravan packaging. It is a complete surface-protection range created for the realities of owning and travelling in a caravan, camper, RV or motorhome.

**Built for caravans. Built for Australian conditions.
Built for the long term.**

OptiVAN

Ultimate Protection and Support Without the Fine-Print Hurdles

Many protection products sound impressive until you discover what is required to keep them valid. Their warranty terms.

Annual inspections. Compulsory photographs. Yearly reapplications. Specific brands of maintenance products. Ongoing fees. Restricted repair locations. Fixed claim limits.

OptiVAN is different.

- | | |
|---|---|
| <ul style="list-style-type: none">✓ One professional application✓ No annual warranty inspections✓ No requirement to send yearly photographs proving the vehicle has been maintained✓ No compulsory annual reapplications or coating top-ups✓ No hidden annual inspection or maintenance fees✓ No requirement to purchase and exclusively use OptiVAN cleaning products✓ No arbitrary pre-set dollar cap on the rectification of an approved claim✓ No fixed limit on the number of valid warranty claims | <ul style="list-style-type: none">✓ No requirement to return to the original dealership or application location for warranty assistance✓ No requirement for the vehicle to remain registered or display number plates throughout the warranty period✓ Transferable protection when the vehicle is sold✓ Dedicated Australian warranty assistance✓ National support centres✓ A central online warranty claims portal✓ Support for application-related concerns✓ Reapplication assistance following repairs, resprays or replacement of treated surfaces |
|---|---|

OptiVAN removes the unnecessary hurdles that can make other protection warranties difficult to maintain or use.

No annual inspection traps.

No compulsory reapplication cycles.

No token claim contributions.

No unnecessary obstacles.

OptiVAN

Lifetime Transferable Protection for New and Used Vehicles

Eligible **OptiVAN** Graphene Ceramic Exterior Surface Protection and **OptiVAN** Interior Fabric, Leather, Plastic and Vinyl Surface Protection treatments applied to a new caravan, camper, RV or motorhome—or one aged up to five years—are backed by a **Lifetime Transferable Warranty**.

"Lifetime" means the operational lifetime of the Caravan, Camper, RV or Motorhome. In other words, the **OptiVAN** warranty remains in place for as long as the vehicle is still in use, provided it has not been written off or permanently removed from service, and the warranty conditions are met.

The protection can also be transferred when the caravan, camper, RV or motorhome is sold, giving the next owner continued confidence and creating an important point of difference at resale.

Eligible vehicles aged more than five years but less than ten years receive pro-rata warranty protection until the vehicle reaches ten years from its build date:

Vehicle age when treated	Warranty period
5 years	5 years
6 years	4 years
7 years	3 years
8 years	2 years
9 years	1 year

This means OptiVAN protection is not limited to brand-new caravans. Owners of eligible used caravans, campers, RVs and motorhomes can also access meaningful long-term warranty protection.

Protection that lasts. Confidence that transfers.

OptiVAN

OptiVAN Graphene Ceramic Exterior Surface Protection

Lifetime Protection Against the Australian Environment

OptiVAN Graphene Ceramic Exterior Surface Protection creates a highly water-repellent protective barrier over compatible exterior surfaces, helping preserve their appearance while making the caravan easier to clean and maintain.

OptiVAN protects all painted colours, from traditional white finishes through to modern black, grey, metallic, gloss, matte and satin colour schemes.

The treatment can protect compatible:

- Automotive-style painted panels
- Painted aluminium
- Painted fibreglass
- Painted composite panels
- Gelcoat fibreglass
- Powder-coated aluminium
- Coated aluminium cladding
- Gloss, matte and satin painted surfaces
- Other approved coated and refinishable exterior surfaces

YES, we cover and warrant Matte & Satin finishes.

HIGHLY WATER-REPELLENT
Helps protect against dirt, grime and environmental contaminants.

AUSTRALIAN CONDITIONS
Built to perform in harsh UV, heat, dust, salt air and extreme weather.

EASIER TO CLEAN
Smoother surfaces help reduce staining and make cleaning quicker and easier.

OptiVAN's Graphene Exterior Surface Warranty Coverage

Subject to the warranty terms, eligible treated exterior surfaces are **protected against:**

-  Weather-induced discolouration
-  Fading
-  Oxidisation
-  Loss of gloss
-  Environmental fallout
-  Road-grime damage
-  Red-dirt damage
-  Tree-sap damage
-  Leaf staining
-  Fruit and berry staining
-  Bug-splatter damage
-  Bird-dropping damage
-  Bat-dropping damage
-  Sunscreen damage

These are the contaminants and environmental conditions caravan owners encounter throughout **real Australian travel**—not simply laboratory-based performance claims.

Warranty

**Lifetime Transferable
Warranty**
for eligible vehicles
new to five years old.

**10-year pro-rata
warranty**
for eligible vehicles
aged more than
five years.

REAL PROTECTION. REAL COVERAGE. REAL PEACE OF MIND.

OptiVAN

OptiVAN Paint & Window Protection Film

The Protection That Takes the Hit

The exterior panels and windows of a caravan, camper, RV or motorhome are among the areas most exposed to damage while travelling.

OptiVAN Paint and Window Protection Films create a strong, virtually invisible sacrificial barrier over compatible painted surfaces and windows, helping protect against:

- Stone chips and gravel strikes
- Road debris
- Insect impacts
- Scratches and scuffs
- Surface abrasion
- Everyday travel damage

Rather than allowing the original painted surface or window to take the impact, become chipped or get scratched, OptiVAN Paint / Window Protection Films provide a replaceable protective layer between the hazard and the surface underneath.

This protection is particularly valuable for caravan and motorhome windows, which can be expensive, difficult to source and time-consuming to replace.

Warranty Coverage

- ✓ Cracking
- ✓ Yellowing
- ✓ Discolouration
- ✓ Peeling
- ✓ Delamination
- ✓ Bubbling
- ✓ Degumming
- ✓ Adhesive failure
- ✓ Premature deterioration

Where OptiVAN Graphene Ceramic Protection is applied over the film, the treated surface also receives warranted protection against damage from tree sap, insect splatter and bird or bat droppings.

10-Year Transferable Warranty

OptiVAN Paint and Window Protection Films are backed by a 10-Year Transferable Warranty, providing long-term protection for both the original owner and, subject to the warranty transfer requirements, the next owner.

One initial post-installation health check is required to confirm correct bonding and curing. This is a one-time quality-control inspection – not an annual inspection requirement.

Protect the surface before the damage happens.

OptiVAN

OptiVAN Window Tint

Greater Comfort for Every Journey

OptiVAN Window Tint helps improve the comfort and usability of caravans, campers, RVs and motorhomes by reducing:

Heat

Glare

Harmful ultraviolet exposure

Infrared heat

Interior sun exposure

Premature fading of interior materials

OptiVAN Window Tint is designed to improve comfort while helping protect occupants and interior surfaces from heat, glare and harmful UV and infrared rays.

Window Tint Warranty Coverage

OptiVAN Window Tint is protected against:

- ✓ Bubbling
- ✓ Cracking
- ✓ Discolouration
- ✓ Peeling

Warranty Lifetime Warranty

Lifetime protection against bubbling, cracking, peeling and discolouration.

OptiVAN Interior Surface Protection

Protection for the Interior You Live In

The interior of a caravan, camper, RV or motorhome is more than a vehicle cabin.

It is a kitchen, dining room, lounge, bedroom and living space—often used by families, children, guests and pets for extended periods.

OptiVAN Interior Surface Protection creates a protective barrier over compatible:

This protective barrier provides valuable time to clean spills and contamination **before they become permanent stains.**

OptiVAN

Interior Warranty Coverage

Subject to the warranty terms, eligible treated surfaces are protected against permanent staining from:

Make-up

Sunscreen

Water

Coffee

Milk

Soft drinks

Commonly consumed foods

Commonly consumed liquids

The warranty also protects against discolouration caused by the harmful effects of ultraviolet light.

WARRANTY

LIFETIME TRANSFERABLE WARRANTY

for eligible vehicles
new to five years old.

10-YEAR PRO-RATA WARRANTY

for eligible vehicles aged
more than five years.

Protection that keeps your interior looking **better for longer.**

Genuine Warranty Support When It Matters

**A Warranty Is Only as Strong
as the Company Behind It**

OptiVAN warranties are backed by Protection Brands and supported through a national Australian support network.

Customers have access to:

A dedicated Australian warranty team

National support centres

Approved technicians

Online warranty claim lodgement

Formal Claim Reference Numbers

Warranty assessments

Rectification support

Reapplication assistance following repairs

Warranty-transfer support

Telephone and email assistance

Customers are not restricted to returning to the dealership or location where the product was originally applied.

Whether the vehicle remains close to home, is sold interstate or travels around Australia, OptiVAN customers have access to national warranty assistance.

OptiVAN

A Straightforward Claims Process

Making an OptiVAN
warranty claim is simple.

1

The customer submits their concern through the Protection Brands online warranty portal, together with their vehicle information, treatment details and photographs of the affected area.

2

A Claim Reference Number is issued, the concern is assessed and, where required, an inspection is arranged through a nominated or approved location.

3

Where the claim is approved, Protection Brands arranges the appropriate cleaning, restoration, repair, rectification, reapplication or other approved remedy.

**A real warranty team.
A real claims process. Real support.**

OptiVAN

More Protection. Fewer Conditions. Better Support.

No other protection range developed for the caravanning industry protects and warrants against as many specified contaminants across as many important surfaces while providing the same level of long-term customer support.

OptiVAN combines:

- | | |
|--|---|
|  Lifetime transferable Exterior Protection |  No compulsory annual reapplications |
|  Lifetime transferable Interior Protection |  No hidden annual maintenance costs |
|  10-year transferable Paint Protection Film |  No arbitrary claim-value cap |
|  10-year transferable Window Protection Film |  No fixed limit on valid claims |
|  Lifetime Window Tint protection |  National warranty assistance |
|  New and used vehicle eligibility |  Application support |
|  No annual inspections |  Repair and reapplication support |
|  No annual photo submissions |  A dedicated online claims process |

 **No unnecessary hurdles.** | **No annual warranty trap.** | **No compromise.**
